## Water Main Replacement Group Job 3008: E-Newsletter #15 | Oct. 12, 2009

This is the 15th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of October 26, 2009.

### Project Description

The water main replacement work for Group Job 3008 is well underway. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

### The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

**Total project cost is \$5,777,000.**

### Contact Information:

#### Water Department's 24-hour Emergency Services Hotline:

(619) 515-3525

#### Group Job Public Information Line:

(619) 533-4207

#### General FAQs:

[www.sandiego.gov/engineering-cip](http://www.sandiego.gov/engineering-cip)

Construction crews install a cross valve along N. Harbor Drive during night work hours.

### Upcoming Construction Activities

Currently, construction crews are working on Group Job 532 (see Orange dotted line on map below).

### During the weeks of Oct 12 & Oct 19, crews will:

#### Day Work:

- Place trench cap along N. Harbor Drive beginning at Pacific Highway going north to Ash Street.

#### Night Work:

- Continue installing 16" diameter pipe along N. Harbor Drive beginning at Grape Street going north to Laurel Street.
- Install 8" fire services, hydrants, and 2" water services beginning at Broadway going south on N. Harbor Drive to Pacific Highway.

### Traffic Control:

During construction work hours, occasional road closures will occur within the current construction activity area. Occasional unplanned and unforeseen conditions may occur that could prolong or result in additional construction noise.
